

# When you need help with just one critical business issue...

## KGA On-Demand

*Because so much is on the line*

### WHY KGA ON-DEMAND

At KGA, we are different by design. We apply our expertise in both HR and EAP to create a quality solution to meet our clients' needs. We are known for high-touch personalized service with an immediate response. Our focus is the intersection of psychology and business.

There are times when your company may want to address a single challenge. You may need the expertise and objectivity of an outside expert.

KGA On-Demand is a collection of services that may provide a safety net for your EAP or go beyond the scope of your internal HR capabilities. With KGA On-Demand, you can purchase as much or as little as you need.

**KGA, INC.**
