

KGA WELLNESS INITIATIVE

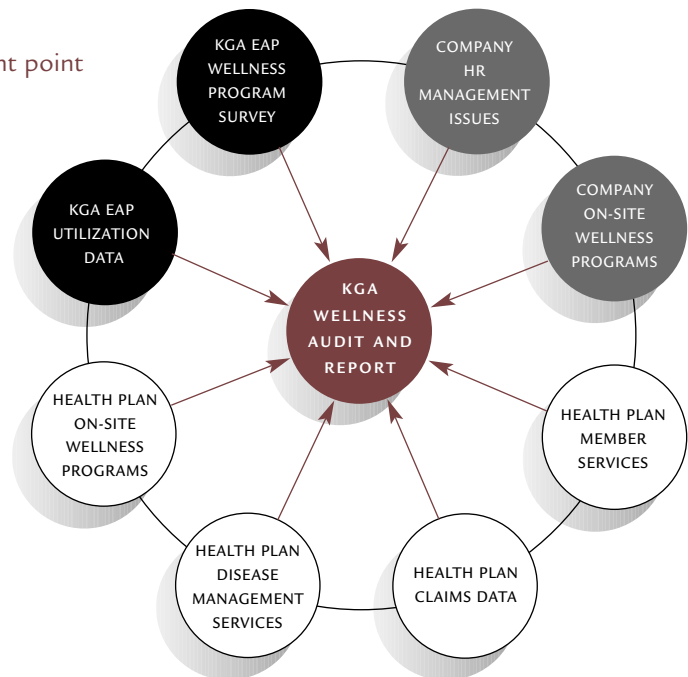

Building Corporate Health, One Employee at a Time

The KGA Wellness Initiative helps our EAP client companies take a positive and preventive step toward health care cost containment. Clients are able to view their key health concerns and programs in one report after data is gathered from KGA, the company and the health plan.

KGA Wellness Initiative...

- ...brings preventive services to the attention of employees.
- ...identifies gaps and overlaps in wellness services.
